Subject: Regulation AA

Comments Federal Reserve Board

Dear Comments Federal Reserve Board,

Greed is what is driving the credit card companies. They hurt those who can afford it least with their outrageous fees and unfair practices. They need to be stopped.

The new proposed credit card rules curb some abusive lending practices that drive consumers deeper in debt. I urge you to implement these rules to provide relief to people like me who just want a fair deal from credit card companies.

Sincerely,
Lisa Koehl
