Dear Email comments,

You need to stop credit card companies from tacking on interest on top of interest. Have is someone suppose to pay off their credit cards if

they keep adding on more and more interest. People who are trying to get

out of debt can never get out of det when they pay on their credit card bill. The payents get higher and the interest gets higher but the bill never gets lower. Help people to gert out of debt.

.

Sincerely,

Mrs. Cherry Klock
