Federal Reserve Board Email comments

Dear Email comments,

For the love of God, do something for the PEOPLE of America for once in 7+ long nightmarish years. Since the bloodless coup of 2000 all federal agencies have been turned into mafia enforcers for the fascist regime that has completely destroyed our nation. I have zero faith in our government now, it has been infiltrated by sleazy right-wing con men and women who care nothing for the people who pay their salaries and are there to only pump unending dollars into the pockets of Bush/Cheney cronies. If there were any justice in the world there would be corruption charges and war crimes trials for all of you.

.

Sincerely,

Ms. Patricia Leopard
