Subject: Regulation AA

Comments Federal Reserve Board

Dear Comments Federal Reserve Board,

Credit card reform is imperative! With the economy in shambles and neverending rising costs, citizens are having to get themselves into unnecessary debt just to make ends meet. I am having to do this even though it is not affordable, even with working overtime to make ends meet.

The new proposed credit card rules curb some abusive lending practices that drive consumers deeper in debt. I urge you to implement these rules to provide relief to people like me who just want a fair deal from credit card companies.

Sincerely,
Susan Hunter
