Subject: Regulation AA

Comments Federal Reserve Board

Dear Comments Federal Reserve Board,

Credit card companies need to be monitored as any other business practice, for too long this area has been allowed to write their own rules and it is time for it to stop. Tammie Peterson.

The new proposed credit card rules curb some abusive lending practices that drive consumers deeper in debt. I urge you to implement these rules to provide relief to people like me who just want a fair deal from credit card companies.

Sincerely,
tammie peterson
