Dear Comments Federal Reserve Board,

FOR GODS SAKE HELP US OUT!

Here's your chance to side with the ordinary citizen against huge mega-monied credit card corporations. Don't let us down!!! We are not there to speak about our own years and years of paying down these legalized loan sharks, but YOU are! I know of people whose college age children committed suicide after facing mounting credit card bills with no hope of ever getting them paid down. PLEASE HELP US! Sharply curtail the credit card industries ability to dominate our financial lives!

Sincerely, Tricia Anderson PS Call me cynical but my guess is that the Credit Card Industry will beat you up in this review of their practices. I'll bet my last dollar they win again.

The new proposed credit card rules curb some abusive lending practices that drive consumers deeper in debt. I urge you to implement these rules to provide relief to people like me who just want a fair deal from credit card companies.

Sincerely,
Tricia Anderson
