Comments Federal Reserve Board

Dear Comments Federal Reserve Board,

It is time that the American Government stood by it's people and not big business. Help is needed to those that are using credit to live on and being abused by the credit card companies. I got out of debt & would not ever use another credit card.

The new proposed credit card rules curb some abusive lending practices that drive consumers deeper in debt. I urge you to implement these rules to provide relief to people like me who just want a fair deal from credit card companies.

Sincerely,
Susan Travis-Russo
