Federal Reserve Board Email comments

Dear Email comments,

I have never been late and never have missed a payment yet my credit card company raised my rate to 29.9%. I am working to pay my balance off but until I do, I am stuck paying all this extra money for NOTHING.

My rate was in the teens. I paid on time, all the time. But it was raised for no reason other than nobody in Washington cares if big business abuses us or not.

.

Sincerely,

Mr. John Dretzel
