Comments Federal Reserve Board

Dear Comments Federal Reserve Board,

Thank you for anything you can do to inspire the powerful to have mercy on those who are apparently weaker in this credit card "struggle." No one begrudges a fair profit to the card-issuers, but what is generally going on is heartless, cruel, and usurious. Knowing they will eventually get back what they give, surely the card-issuers do have compassionate hearts....don't they?

The new proposed credit card rules curb some abusive lending practices that drive consumers deeper in debt. I urge you to implement these rules to provide relief to people like me who just want a fair deal from credit card companies.

Sincerely,
Judy Dietel
