Subject: Regulation AA

Comments Federal Reserve Board

Dear Comments Federal Reserve Board,

Credit card companies are destroying the fabric of a middle class economy by methods that border on fraud. Cheating in the pursuit of untrammelled greed used to not be the American way. Be a part of the solution instead of the problem.

The new proposed credit card rules curb some abusive lending practices that drive consumers deeper in debt. I urge you to implement these rules to provide relief to people like me who just want a fair deal from credit card companies.

Sincerely,
Germaine de Pibrac James
