Federal Reserve Board Email comments

Dear Email comments,

It's time we put a stop to credit card companies taking advantage of people who hold their credit cards. They do everything they can to insure that their profits always stay up and the credit balances also stay way up. I think it's disgusting how they've been allowed to run their businesses without any real federal action to curtail and prosecute the abuses. Please do something NOW!

Sincerely,

Ms. Catherine Isbell
