Federal Reserve Board Email comments

Dear Email comments,

I am an Iowa Magistrate and I just came from the annual magistrate conference. Most of the 134 Iowa Magistrates are not giving the cc companies their high interest rates on judgments even though that is the law. When the Judicial Branch is so upset with the Legislative Branch for allowing clearly oppressive interest rates and fees on credit cards and enters orders contrary to law it is the start of a breakdown in government.

Why don't you do your job so we can do ours.

.

Sincerely,

Mr. William Long
