Federal Reserve Board Email comments

Dear Email comments,

We elected all of you to represent us and protect us as citizens. It's past time you all prevented the credit card companies and financial institutions from running our country to their benefit.

They have been allowed to bait our college age children, our poor, etc. into false states of having access to "easy money". The only easy part is they make a killing on interest charges and help owners amass money they will never be able to pay off completely. Do your Job!!!!

.

Sincerely,

Ms. Carol Kern
