Federal Reserve Board Email comments

Dear Email comments,

Credit card companies have gotten out of control. Don't go any where your credit limit or you're liable to trigger a melt down! When they give you a minimum payment due, they don't tell you that this amount is not enough to keep you from being charged additional overlimit fees. Also, annual fees (without warning) that take the card past the limit trigger the over limit fees. They're bleeding us dry!

Sincerely,

Mr. David Fitts
