Dear Email comments,

The credit card companies have had a free ride at consumers expense for too long! The interest on interest charges, hiking interest rates on existing balances, and all the rest. Enough is enough, The playing field needs to be level for all players, not just corporations. I had a balance on a cc that when I finally paid it off, was 50% balance, and 50% interest and late charges.

I'm sure I'm just one of many.

Sincerely,

Ms. QUIDA JACOBS
