Federal Reserve Board Email comments

Dear Email comments,

Federal Reserve Board,
It's Hard for me to believe that addressing you will help. I have become more political and I have and will contact my states congressmen and senators. The huge ripoff you have allowed by the credit card companies is unbelievable. Maybe buy Enacting Docket No. R-1314 you will give me hope that the few making huge profits at the expense of the average man will see the harm they have done.

Sincerely,

Mr. David cofresi
