Federal Reserve Board Email comments

Dear Email comments,

The Credit Card Companies are making people poor. People that could by fair rules, pay the credit that they owe, except that the Credit Card Companies have unfair rules that ensure the debtor is forced into poverty. Level the playing field.

Stop companies from hiking interest rates on existing balances (unless you pay late).

Stop them from applying your monthly payment to low-interest debt first.

Give you time between the bill and the due date so you can always pay on time.

Stop interest charges on debts paid off the previous month.

Sincerely,

Mr. Eric Bonds
