Federal Reserve Board Email comments

Dear Email comments,

I have a Providian / Washington Mutal credit card. One Month my payment was \$65 and the next month it went to \$100. I only had a small charge during this month and I wasn't late with my payment or anything. I called them and the person never did give me a clear answer as to why my payment went up so much. I won't use this card anymore. Credit card companies can do anything to us and get away with it , this is wrong.

Sincerely,

Mr. PAUL KNIGHT
