Subject: Regulation AA

Jun 10, 2008

Federal Reserve Board Email comments

Dear Email comments,

High fees are not fair. Keeping people in debt due to bank manipulation is not fair.

Making the time between the ending date of the billing cycle and the due date shorter and shorter every month is not fair.

It is time those who can control this do something about it. Consumers are not able to fight this type of manipulation on their own.

Sincerely,

Ms. Dottie Bell
