Subject: Regulation AA

Jun 10, 2008

Federal Reserve Board Email comments

Dear Email comments,

I believe the proposed rules are fair to both the credit card industry and the consumer. Credit card companies make billions of dollars a year, and I believe the only people this would affect negatively would be the already severely over paid executives at the credit card companies. The government should be for the people, and not the corporation. Please enact these proposed rules.

Sincerely,

Mr. Brian Cummings
