Dear Email comments,

The whole country is falling apart from the excess of credit and the

tactics that are used to get all of us to depend on credit cards.. from the time your 18 years old the offers flow into your home.. and then with the interest increases the credit card companies make it impossible to got caught up...enough is enough...the banking industry have found a legal way to make slaves out of all of us

.

Sincerely,

Mrs. lori Schmerler
