Subject: Regulation AA

Jun 10, 2008

Federal Reserve Board Email comments

Dear Email comments,

throughout the history of our country usury interest rates have been illegal until credit card companies convinced the supreme court to allow an end run around usury standards. Since that time there has been a consistant erosion of any sense of fairness with regards to treatment of consumers. Certainly we should all be held accountable,now credit card companies should also be accountable.

Sincerely,

Mr. george maguire
