Federal Reserve Board Email comments

Dear Email comments,

PLease, please!! We need all the help we can to get credit card companies to stop their deceptive and abusive practices. They will NEVER implement serious changes to their money-sucking practices voluntarily. For example, one particularly egregious example, it should have been illegal years ago for them to be able to raise the interest rates on old balances for any reason they wish despite on-time payments to that account!

Sincerely,

Mrs. Cathy Perkins
