Federal Reserve Board Email comments

Dear Email comments,

I strongly support the Federal Reserve's recent initiative to curb the unjust use of corporate power by credit card companies. The proposed rules would stop companies from arbitrarily raising interest rates, applying monthly payments to low-interest debt first, guarantee debtors sufficient time to pay their credit card bills on time, and stop interest charges on debts paid the previous month.

Please lend your support to the Federal Reserve in this matter. Thank you.

Sincerely,

Mr. John Deal
