Subject: Regulation AA

Jun 10, 2008

Federal Reserve Board Email comments

Dear Email comments,

Please help protect our citizens from unscrupulous credit card companies who charge "whatever the traffic will bear" without any reasonable warning. Federal organizations who know the facts and are in a position to recommend changes have a duty to the American people. The credit card companies will promise anything to avoid oversight, then ignore their promises. Only laws will stop them.

.

Sincerely,

Dr. John Rush
