Subject: Regulation AA

Jun 12, 2008

Federal Reserve Board Email comments

Dear Email comments,

A good society needs to ensure the interests of the majority of people are considered. The credit card companies have used their lobbyists to

reinforce legislation that allows them to exploit people. This has lead

us to become a nation of debtors with the rules stacked against average folks to dig their way out of debt. Please help change this sad state

of affairs, and fulfill your duty to your average citizen constituency.

.

Sincerely,

Mr. Mark Holzbach
