Federal Reserve Board Email comments

Dear Email comments,

Credit card companies are raising all sort of hidden fees and making other changes to enhance their bottom line. They blame it on the slow down, however their poor handling of the credit market and the ease at which they handed out that credit is at the root of the problem. We need to put a stop to the current foolishness by tightening regulatory control and oversight and let them bare the pain of their mistakes.

.

Sincerely,

Mr. Henry Ohland
