Federal Reserve Board Email comments

Dear Email comments,

Dear Members of the Federal Reserve,  
Now is the time to reign in these "white collar, criminal like" practices of the credit card companies! Banks and card coompanies blatantly display a "no concious", predatory personality when it comes to their ability to think of new ways to financially rape the public. In fact, they should be required to repay or pay penalties for their "dark side" practices.  
Sincere thanks for making them toe the line!

.

Sincerely,

Mr. Lindsey Baccus
