Federal Reserve Board Email comments

Dear Email comments,

Please start holding credit card and financial companies to stronger rules. It is time to turn the rules around to help people manage their finances. Not only should the rules be tightened under the new proposal but all financial instruments should be presented on 8.5x11 paper and no small print.

I am trying hard to pay down my debts and the rules and methods that credit card companies are too hard to follow and get a handle on.

Sincerely,

Mr. Scott Souchock
