Federal Reserve Board Email comments

Dear Email comments,

Credit Card companies need to be controlled. they are out of hand. They need to get in line with interest rates that are more in line with the banking industry. They need to look at how they administer credit, and to whom. They need to follow a set of rules that does not oput the consumer at risk. I believe the Congress has the power to do it. So, do it.

Sincerely,

Mr. Dominick Mileto
