Federal Reserve Board Email comments

Dear Email comments,

Please enact the proposed credit card rules ASAP. Don't be pressured by the banks and credit card companies. They have single handedly deceived the American people and have put us in "debtors prison".

I can not pay my credit cards because the creditors have stacked the deck so high against me I have not choice but to default. I believe they were in colusion and I also believe they are in colusion with the credit reporting agencies to keep the majority of people in positions so their credit ratings is low and they have to pay higher interest rates and other rates on everything, even car insurance. They hit us when we are down and then they stomp on us to KEEP us down! Hang tough. This must stop now. Surely you know the consumers are joining forces and building up strength. We won't let this continue. Don't you.

Sincerely,
Michele Foran

.

Sincerely,

Ms. Michele Foran
