Dear Email comments,

Please continue in your fight to control credit card companies in their effort to rob the american people of their hard earned money. I pay my bills on time every month so far, but everybody has a rough patch once in a while. I don't believe in raising interest rates for anyone unless they do not pay their bills. If I want to pay off my higher interest debt first I should have the option to do so. Furthermore, if I decide to pay off my debt month by month in order to avoid paying interest I should also have that option. Please do not give up the

fight for the american people who are already having a hard time making ends meet. Thank-you for your time.

.

Sincerely,

Ms. Linda Green
