Federal Reserve Board Email comments

Dear Email comments,

It is imperative that our elected representatives stand up with emphatic support to enact proposed credit card rule changes! And that such support occurs NOW.

I have not been affected by the worst of these industry-sponsored travesties, but remain angry each time I read what is allowed by our representatives. Know that we are all sick and angry about the way our rights have been sold to industries by our representatives AND watch with extreme interest to see where you stand.

Sincerely,

Dr. Anthony Luppino
