**Subject:** Regulation DD

William Driskell  
4255 S Buckley Rd  
Aurora, CO 80013-2951

June 13, 2008

Require financial institutions to separately report checking account fee revenue for insufficient funds and for overdrafts. That way we will know how much money they make off this unfair and deceptive practice.

Require banks to get consumers' affirmative consent before extending overdraft loans.

Sincerely,

William Driskell
