Federal Reserve Board Email comments

Dear Email comments,

Please hang tough on new rules for credit card companies. Their greed is abusive and, along with the many other greedy business practices becoming commonplace in our country, is hurting people. Perhaps it would be better to weed out those who likely won't pay their bill before granting credit. The damage done afterward leaves people in positions they are totally unable to manage and extricate themselves, contributing to a hopeless society. That hurts us all.

.

Sincerely,

Mrs. Verla Hellings
