Federal Reserve Board Email comments

Dear Email comments,

We the People need you the Fed to reign in these credit card banks and companies. There is no reason why they cannot make a reasonable

financial return and still behave in an ethical and understandable way,

without deceptive practices and outright trickery. But they will not do

this without your regulation. Please remember that you work for us, and we are counting on you to do what you are supposed to do. Thank you.

.

Sincerely,

Mr. Stephen Easter
