Federal Reserve Board Email comments

Dear Email comments,

I get tired of all of the fees, the Credit Card Industry uses to get more more out of its consumers. Its ridiculous how they can legally get away with it. For someone who is currently unemployed its hard enough to pay more house bills not alone all of the fees the credit

card companies place upon the accounts. I am sick and tired of it and I want something done about it.

.

Sincerely,

Mr. Timothy Butler
