Federal Reserve Board Email comments

Dear Email comments,

Enact the proposed rules and stop credit card company's sneaky, unfair, loop-hole tactics! It's not the Federal Reserve's (or any government agency) job to ensure that any company is profitable or increases profits. If they can't make it on their own, they deserve the ending

they get. There'll always be somebody else willing and able to step in and fill the void by doing a better job. It is, however, your job to protect consumers from being fleeced by unscrupulous companies.

.

Sincerely,

Ms. D. Kathleen Keller
