Dear Email comments,

As a consumer I am sick and tired of being exploited by Big Business in America. I am sick and tired of being charged unfair interest rates, changes of interest rates on a whim and outrageous charges for late fees (even when payments are received ON TIME but processed late BY THEM! Even if I make On-Line EFT payments some banks /cards require up

to 3 or 4 days even though they get the funds immediately or charge you a late fee. This is an obvious trick to enable them to charge fees regardless of when you pay them.

What ever happened to "Truth in Advertising" and the "Consumer Protection Agency"?

In America everything has fallen victim to Gross Capitalistic GREED and Corruption...profit at any cost!

.

Sincerely,

Mr. Forrest Shoemaker
