Subject: Regulation AA

Jun 12, 2008

Federal Reserve Board Email comments

Dear Email comments,

The rules are absolutely necessary, because everything is stacked in favor of the credit card companies. The only choice for the consumer is to accept the conditions or have no credit card. In this day and age that is not even a choice. (e.g. You can not rent a car without one). The average person is powerless in this situation.

Sincerely,

Dr. Win Snyder
