Federal Reserve Board Email comments

Dear Email comments,

Please help all of us who have credit cards manage them better with

sound, reasonable rules for both us and the credit card companies. They are lining their pockets with profits made using outrageous interest provoked for little or no cause, unjustified hikes in rates, and untimely billing. This has got to stop! Remember your constituents!! We are hardworking ordinary people who are trying to do the right thing, being ripped off by huge corporations to which YOU are our only defense.

.

Sincerely,

Mrs. Rebecca Oglesby
