Comments:

Dear Federal Reserve, I strongly beleive that Regulation AA - Unfair or Deceptive Acts or Practices [R-1314] is a necessary first step in cracking down on these corporate crooks. My family and I have lost hundreds of dollars over the years as a result of deceptive practice by TD BankNorth, USAA Federal Savings Bank, and among other credit card companies. I have since filed CH 13 bankruptcy as a result of rediculous penalties and unbearable interest rate hikes from some of these companies. This sad era of de-regulation is bringing our country to its knees and we can no longer stand by and allow it. I urge you and your colleages to quickly tighten the straps on these corporate parasites, as they are crippling our economy. Thank you. Sincerely,
Dean Rocissono
