Federal Reserve Board Email comments

Dear Email comments,

Please give the people of the United States of America a fighting chance with the credit card companies.

Many times medical bills have had to be placed on credit cards and if they are even 1 day late - perhaps due to post office delivery

problems- that person is charged an incredibly high interest rate. Just doesn't seem fair, does it?
Please help your fellow citizens.

.

Sincerely,

Ms. Silvia Lee
