Federal Reserve Board Email comments

Dear Email comments,

My 18 year old son has begun receiving credit card offers. I notice that they do not have the "Opt Out" info easily noticeable on the back of each letter like mine do.

Also, when I called the Opt Out # myself to take him off the list for pre-screened offers, it was not user friendly to get to another member of the family to enter their information. That needs to be refined.

Thanks for any help. Aletta

.

Sincerely,

Mrs. Aletta Walker
