Federal Reserve Board Email comments

Dear Email comments,

What ever happened to the laws that used to protect citizens from usury? I find it outrageous that I get so little time between my statement and the due date. I usually pay off the full balance, but if I happen to miss just once, the credit card company pounces and takes an exorbitant slice out of my pocketbook. Because it has become difficult to live in America without using credit cards, we shouldn't be punished for using them.

.

Sincerely,

Mr. Donald Brunk
