Federal Reserve Board Email comments

Dear Email comments,

Please require the credit card companies to act as honorably toward it's clients, as we are expected to act in repayment of our debts.

There is no good purpose in making hard working honest people slaves of a credit company. We talk about freedom, and democracy, and the American dream. Don't let the insatiable hunger for profit make all of America's promise just a false note to be heard around the world. Thank you.

Sincerely,

Mrs. Karen Kelly
