Federal Reserve Board Email comments

Dear Email comments,

As times get tighter and tighter, more and more families will be living on their credit cards. When this happens, more and more will lose homes, cars, jobs and family because they can't pay. Credit card companies need to be held to a limit in interest they can charge. Some currently are almost charging usuary amounts.

Sincerely,

Mrs. Melinda Dastrup  
554 Commonwealth Ave  
Salt Lake City, UT 84106-1402
