Dear Email comments,

Dear Sens Brown and Voinovich,

Dear Mr. Behrnanke,

Please do much more to stop the rapacious behavior of credit card companies. We already have rapacious predatory lending, stop the credit card companies from further adding to our countries terrible economy.

Every one of you gentlemen know full well that businesses are running amok in the USA. Please exercise some restraints on them.

Reagans deregulation did the damage, among other things, now you guys have to clean up the mess.

.

Sincerely,

Mr. Robert D'Amico
