Federal Reserve Board Email comments

Dear Email comments,

It seems Americans are victims of one get-rich-quick scheme to the next. Usually, our elected and appointed officials are responding to Lobbying by officials offering money for reelection. Our Federal Reserve exists to protect the public and not one sleazy scheme after the next. Americans are fed up with incompetence and eventually will become anti-(noun)ism for all self-serving entities.

Sincerely,

Wesley Johnson

Sincerely,

Dr. Wesley Johnson
