Jul 25, 2008

Federal Reserve Board Email comments

Dear Email comments,

The proposed rules by the Federal Reserve Board need to be enacted in order to protect ordinary persons who use credit cards from the opportunistic predation by credit card companies. The weight of protective legislation needs to shift from the financial profiteers to the needs of the people who actually sustain the economy of the U.S, the so called American consumer.

.

Sincerely,

Mrs. Grace Sarosi  
8835 Worthington Cir  
Indianapolis, IN 46278-1177
